

# InLine USB 3.2 Gen.1 cable, USB-C plug angled - USB-A plug for VR, black, 5m

Model: 35715V

Manufacturer: INLINE

EAN: 4043718331888

Product Code: 466461

## R1,096

**Flexible USB-C to USB-A cable for mixed environments:**Connects modern USB-C devices to classic USB-A ports – ideal for versatile IT requirements.

**Angled USB-C plug for greater freedom of movement:**Particularly advantageous for VR applications, as the cable does not get in the way or kink.

**5Gb/s transfer according to USB 3.2 Gen.1 standard:**Fast and stable data transfer for productive workflows.

**Powerful charging performance with up to 60 W (20V/3A):**Also suitable for powering VR headsets or mobile devices.

**Robust and durable with braided TPE sheathing and aluminium plugs:**High resistance to stress in professional use.

The InLine® USB 3.2 Gen.1 cable with angled USB-C plug to USB-A plug is a professional solution for IT environments where flexibility and compatibility are paramount. The USB-A connection allows modern USB-C hardware to be seamlessly connected to classic computers, notebooks or power supplies.

The combination of 5 m length and robust, braided TPE sheathing enables reliable connections even over longer distances – perfect for VR demo environments, IT rollouts or conference technology. The angled USB-C plug also ensures ergonomic handling, especially in VR applications where cable movement could be a nuisance.

With up to 60 W charging power (20 V/3 A), the cable is not only suitable for data, but also for high-performance power transmission. High-quality aluminium housings reliably protect the connectors from mechanical stress in intensive everyday use.

Connector types: USB-C connector (angled) to USB-A connector

Cable length: 5 m

USB version: USB 3.2 Gen.1

Transfer rate: up to 5 Gb/s

Power supply: up to 20V/3A (60 W)

Cable sheath: Braided TPE

Housing: Aluminium

Colour: Black
