This video adapter allows you to take video content from your laptop or desktop and display it on any monitor, projector or HDTV featuring a DVI (Single-Link) input. As long as your device is equipped with a DP output, this compact adapter ensures a seamless conversion. Use it to enjoy movies on a home projector, mirror your desktop for an expanded workstation or show presentations at school or work.

Enjoy a crystal-clear viewing experience

The Dell DisplayPort to DVI (Single-Link) adapter supports video resolution of up to 1920 x 1200, making it ideal for enhanced presentations and intricate graphics.

Compact size offers easy portability

Measuring 8 x 1.7 x 0.5 (L x W x H) inches, this plug-and-play adapter is easy to use and keep handy for impromptu presentations for clients or movie nights with friends. The adapter is fitted with a DisplayPort on one end and a 24-pin Digital DVI on the other, a standard fit for a wide variety of DVI compatible display monitors, projectors and HDTVs.

Adapter is DisplayPort compliant

The adapter is compliant with DisplayPort specification version 1.1a, ensuring true DP quality when video content is adapted and viewed. DisplayPort 1.1a specifications allow there to be a longer reach between source and display without reducing picture quality.

Warranty information

Purchase with confidence and rely on the protection of a 1-Year Limited Hardware Warranty from Dell and 1-Year Advanced Exchange Service for your Dell DisplayPort to DVI (Single-Link) adapter.
