

InLine KVM Switch, 2-port, USB-C + HDMI to HDMI, 4K, with audio, integr. cable

Model: 62614I

Manufacturer: INLINE

EAN: 4043718284672

Product Code: 470867

R2,724

The InLine® 62614I Cable KVM Switch allows you to control a PC with HDMI2.0 interface and a PC with USB Type-C interface, including 2 sets of fixed KVM cables (1x HDMI/USB-A/Audio/Mic & 1x USB Type-C/Audio/Mic combo cable). The console port offers for instant switching action, it has got a wired Quick-Switch Button - just a mere flip on the button and it switches to the other computer.

The two USB 2.0 keyboard and mouse ports are USB hub ports that feature full driver support for advanced keyboard/mouse funciton. In addition, they can also be connected to other high-speed USB devices such as USB disk storage, etc.Note: The computers connected to USB-C must support the USB-C DisplayPort Alternate Mode for operation. The switch converts internally to HDMI.

Please note:
The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The InLine KVM Switches are designed for office and home office applications as well as for monitoring and controlling multiple computers from one workstation. However, the KVM Switches are not suitable for gaming accessories such as mice and keyboards with programmable special keys, nor are gaming monitors with high frequencies of 120 Hz or more supported. The hot key function for the keyboard only works on the designated console USB port, connected via the USB hub ports, hot key control is not possible.
