Stay Cool. Stay in Control.

Step up your setup with the ROG Sheath II XXL — a spacious mouse pad that easily fits all your gear. Its advanced cooling fabric helps keep things comfortable during long gaming sessions, while the nonslip rubber base stays firmly in place. Durable, flat-stitched edges ensure smooth glides and long-lasting performance, keeping you cool and in control through every match.

Covers All the Bases

Measuring 900 x 400 mm, the ROG Sheath II XXL provides plenty of room for your laptop, keyboard, mouse and other gaming accessories, while protecting your desk from scratches.

Optimized Surface for Gaming

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The textile-weave surface features a special coating that makes it 1.5X smoother than standard fabrics, providing a fast surface with adequate friction. At 3mm thick, the slightly cushioned surface adds a level of comfort and control.
