Product Code: 500992

R1,731

No more slots?

If you want to use your existing USB 3.0 devices on the latest mobile devices and laptops with a USB Type-C™ port this compact hub is a quick help. It uses a single USB 3.0 Type-C™ port on its own and creates seven additional Type-A ports. Problem solved!

The new standard

USB 3.0 Type-C™ ports have two distinct advantages over the existing forms. They are smaller and therefore ideal for thin laptops and mobile devices and it is no longer necessary to insert the connector in a particular orientation. It always fits and thus saves the user a lot of small annoyances when connecting devices.

Simple and chic

The IB-HUB1700-C3 is made from aluminum and thus very light even if you are on the move. Using multiple USB devices with high power requirement is no problem, just connect the power supply and you are good to go.
