

ICY BOX IB-1807MT-C31 SSD enclosure Black M.2

Model: IB-1807MT-C31

Manufacturer: RAIDSONIC

EAN: 4250078172925

Product Code: 513292

R1,158

The IB-1807MT-C31 is an external enclosure for M.2 NVMe SSDs. Your storage medium will find a safe place in the robust housing made of high-quality aluminium - without the use of tools. The aluminium also ensures optimal cooling of the SSD. USB 3.2 (Gen 2) ensures fast data transfer at up to 10 Gbit/s. The matching USB Type-C cable with Type-A adapter is supplied in the scope of delivery. The high-quality aluminium housing accommodates SSDs in all common M.2 form factors: from 2230 to 2242 and 2260 to 2280.

Well protected

The loss of data is absolutely annoying, but can be avoided with the IB-1807MT-C31 from ICY BOX. Our enclosure for M.2 SSDs has a write protection that can be easily activated and deactivated again by a switch. So your data is always safe.
