Hohem iSteady Mobile+ Gimbal

The Hohem iSteady Mobile+ Gimbal is a versatile tool for anyone who wants to create professional videos with excellent stabilization and creative effects. With advanced technology, intuitive operation and long battery life, the iSteady Mobile+ is an ideal choice for content creators, vloggers and streamers. Its rugged construction, ergonomic design and expandability with additional accessories make it an indispensable accessory in any creator's arsenal.

Reliable 3-axis stabilization

Hohem iSteady Mobile+ is an advanced 3-axis gimbal designed for vloggers, streamers, travelers and filmmakers. With the ability to pan 600 degrees, tilt and tilt 320 degrees, the gimbal offers full flexibility to record from different angles and perspectives. The improved 3-axis design ensures smooth and stable shots, even during intense physical activities such as running or walking.

Creative possibilities

The gimbal supports a variety of modes, such as sports mode, portrait mode, inception mode, dolly zoom, time-lapse mode, automatic object and face tracking, and more, allowing you to realize creative ideas without the need for additional apps or Bluetooth. In addition, it supports ultra wide angle recording mode, allowing you to capture unforgettable moments.

High performance

Thanks to its flexible switching, the Hohem iSteady Mobile+ gimbal easily changes orientation from portrait to landscape or vice versa, plus it precisely balances the weight through a sliding arm with a dial. The built-in high-capacity battery provides up to 13 hours of continuous use, while back-charging support allows you to charge your smartphone while recording video, and Bluetooth 4.2 support opens up even more possibilities and makes it easy to connect to your equipment of choice.

Ergonomic design and versatile features

The iSteady Mobile+ gimbal has an ergonomic handle with a non-slip texture that provides a secure grip and comfort during prolonged use. It is made of high-quality nylon and fiberglass, which ensures long life and protects your equipment from various types of damage.
