High-Gain Antennas

Two high-gain antennas extend your router's reach with enhanced directional precision, ensuring faster and more stable wireless connections over longer distances

Disk-Free

Plug and Play

With the built-in Windows drivers, simply connect MA32H to your computer and enjoy fast wireless networking in seconds.

USB 3.0 for

Superior

Transfer Speeds

USB 3.0 transfers data up to 10× faster than USB 2.0 and is backward compatible with it. Combined with 802.11ac Wi-Fi, USB 3.0 makes MA32H perfect for HD streaming, online gaming, and large file downloads.

Boosted Throughput with MU-MIMO

MU-MIMO technology provides two simultaneous data streams, improving the throughput and efficiency of the entire network when working with a compatible MU-MIMO router.
