

Bosch 1.600.A02.NF7 Set Straight screwdriver

Model: 1600A02NF7

Manufacturer: BOSCH

EAN: 4053423246742

Product Code: 808131

R2,077

As a professional tradesperson, you need tools that are easy to use and meet all legal requirements. With the Bosch Professional VDE screwdriver set SL/PH with single-pole phase tester (7 pieces), you can fasten and unfasten screws, even if you unexpectedly make contact with live parts. All VDE screwdrivers are insulated with Thermoplastic Elastomer (TPE), their S2 blades have an insulating protective coating and they come with hand-friendly soft grips. The slim shafts and robust tips of the screwdrivers SL 3,5 / 5,5 / 6,5 / PH 1 and PH2 ensure fitting accuracy. All VDE screwdrivers have been tested up to 10,000 volts and VDE-certified up to 1,000 volts according to DIN EN/IEC 60900. The Bosch Professional single-pole phase tester is certified according to DIN VDE 0680-6. With this voltage tester, you can determine whether or not there is an existing current. It detects voltages from AC 100 V – 250 V and there’s an integrated glow lamp that alerts you if a current is present. It has a handy and sturdy pocket clip. Our VDE hand tools are precise and durable and thanks to their ergonomic design, all hand tools in this set are comfortable to work with. By adding VDE hand tools

to our Bosch Professional range, you get all your tool requirements in reliable Bosch quality.

Equipment & Application

This set consists of 6 VDE screwdrivers: SL 2,5 / 3,5 / 5,5 / 6,5 / PH1 and PH2 and one single-pole phase tester SL3. All tools in this set have an anti-roll design that prevents them from rolling away in the workplace. Profile and size are clearly visible on multiple positions on the handles of all our VDE screwdrivers. This set comes in a 1/2 L-BOXX inlay, which is perfectly compatible with our Bosch Mobility System.
