

Mars Gaming ML-PRO240 Processor All-in-one liquid cooler 12 cm Black 1 pc(s)

Mars Gaming ML-PRO240 Processor All-in- one liquid cooler 12 cm Black 1 pc(s)

Model: MLPRO240W

Manufacturer: MARS GAMING

EAN: 8435693107408

Product Code: 1051105

R2,418

TDP dissipation capacity up to 450W and copper-plated FDB bearing. OPTI-CHAMBER, 2 ultra-quiet fans and low resistance radiator. Universal Compatibility. Exceptional performance and absolute quietness guaranteed.

PROFESSIONAL AND ELEGANT DESIGN

The ML-PRO240 liquid cooler stands out for its performance and professional design, with a white lighting ring on the OPTI-CHAMBER pump. With a modern and sophisticated aesthetic, this liquid cooling kit not only ensures optimal performance of your PC, but will also raise the bar in any professional design configuration. Add a touch of distinction to your system!

Available in two versionsBlack and White

Choose the one that best suits your setup.

EXTRA LONG TEFLON TUBES

The cooling kit features high-quality Teflon-coated tubes and a length of 370mm. Install the system in any case and position without compromising performance or durability.

UNIVERSAL COMPATIBILITY

The ML-PRO240 kit offers impressive compatibility with a variety of CPU sockets allowing you to use it with a wide range of motherboards, including support for INTEL LGA 2066/2011/1851/1700/1200/1156/1155/1151/1150/1366 and AMD AM5/AM4/AM3+/AM3/AM2+/AM2/FM2/FM1.

POWERFUL AND EFFICIENT PERFORMANCE

With a 450W TDP dissipation capacity and high-quality copper-plated FDB bearing, the ML-PRO240 allows you to push your CPU to the limit without worrying about overheating. The copper plating boosts and improves cooling performance, ensuring more stable rotation, quiet and long-lasting operation, and keeping your system at optimal performance at all times.

OPTI-CHAMBER, FDB - TDP 450W

Maximum performance of up to 450W TDP without restrictions thanks to the latest liquid cooling technologies:
