Chief upgraded fixed wall mounts based on installer feedback and direct observations of installers in the field. Many new features join Fusion favorites like Centerless shift, ControlZone leveling adjustment and ClickConnect Latching.

New benefits included added stability, faster install, improved lateral shift, easier cable management and enhanced security.

Installer-inspired Fusion fixed mount solves top flat panel installation problems, offering flexible adjustments for large displays with a low-profile display mounting solution.

- Integrated teardrop design speeds up wall plate installation by allowing pre-installation of the bolts to the wall
- ControlZone Leveling for post-installation fine tuning of height and leveling
- Centerless Shift provides up to 12.9" (327 mm) of post-installation lateral shift for limitless
