Model: NP0019B

Manufacturer: LOGILINK

EAN: 4052792041675

Product Code: 1053292

R1,500

LogiLink’s Mini Patch Panel line is the most efficient solution when having smaller Cat.5E, CAT6 or CAT6A network installations. It is a most cost effective and flexible solution without 19" racks and separate EDP rooms. The 8 or 12 port Patch Panel is suitable as cable distributor or as connection device for groups of participants at their work desk. Up to 12 participants can be connected using shielded or unshielded installation cabling. The LogiLink Mini Patch Panels can be mounted on the wall, in a cable duct or simply placed on to the desk or rack shelf.
