R2,794

Time to customize your projection

The keystone correction combined with focus technology and image tuning allow you to fine-tune images to your needs.

A big, big screen

Experience movies, TV shows, and high-octane gaming on an expansive 65" screen. The NeoPix 100's short-throw engine produces a massive picture from a mere 2 meters away.

Built-in Hi-Fi stereo speakers

Enjoy the built-in Hi-Fi 2x3 watts stereo speakers with equalizer and surround sound.

USB, HDMI and more

Connect all your favorite devices via HDMI (like smartphone, tablet, laptop, gaming console), and play all your videos, pictures, and audio files from a USB thanks to the built-in multimedia player.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Access to unlimited content by connecting to any smart gaming consoles or TV boxes like Fire Stick or Apple TV (dongles can be connected to the HDMI and USB port for power). There is also a 2x HDMI, USB, AV in, and Jack 3.5 to connect external speakers.

Easy to use Media Player

Your multimedia essentials, now at your fingertips. Watch videos, groove to your favorite tunes, or relive your holiday memories all accessible from your USB sticks, hard drives, or even MicroSD cards.

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!
