Zebra 220XI4 print head

Model: P1004238

Manufacturer: ZEBRA

EAN: 5711045660955

Product Code: 1054172

R22,825

Zebra's replacement parts and printheads are quality components made to Zebra's exacting engineering standards. These cost-effective components ensure that your printer will continue to provide the quality, reliability, and performance you expect.
If you have a heavy-duty, high-volume, extreme-environment direct thermal application, ask about our new Extended Life Printhead. It lasts, on average, three times longer than our standard printhead - minimizing downtime on your line. For direct thermal printing only.

Quality

Stamped from the same tools and dies as the originals, Zebra replacement parts and printheads are thoroughly inspected to ensure that they fit just as precisely as the originals. They are made from the same high-quality materials to provide superior performance and protection against wear.

Reliability

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Built to exacting standards, Zebra printheads are designed to drop directly into the fitting, preventing potential errors and accidents during installation and use.

Performance

Zebra printheads help keep your printer performing like new, thanks to their unsurpassed fit and function.
