The MicroConnect PEA1416 Power Adapter features a C13 to C14 angled connection, providing a convenient 0.3-meter link. This adapter is ideal for situations where space is limited or where a standard straight connector would put undue stress on the cable. Designed with European quality standards, it ensures a reliable and secure power connection. Benefit from MicroConnect's 20+ years of expertise in providing premium connectivity solutions, ensuring this adapter delivers both performance and durability. Perfect for extending or re-routing power in tight spaces.
