

FSP VITA BD 550W Power supply unit ATX ATX3.1 Black

Model: PPA5506103

Manufacturer: FSP GROUP

EAN: 4711498480231

Product Code: 1055982

R1,881

The Future is Now ATX 3.1 Ready

Following the latest ATX 3.1 regulation, this series supports 200% power excursion and ensure peak performance with future hardware upgrades.

+5V & 3.3V DC to DC Circuit Design

Increase the efficiency and stabilize the output voltage to ensure system stability.

Powerful Single +12V Rail

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Modern CPUs and graphics cards can draw significant amounts of power, especially during peak loads., a single +12V rail PSU offers a good balance of simplicity, power delivery capability, and stability.

Premium, Black Flat Cables

Featuring improved black, flat cables that are soft and easy to bend, users can manage them more easily, saving time and creating more space for optimal cooling performance in your PC build.

105˚C Japanese Bulk Capacitor

The bulk capacitor inside serves to support working under an extremely harsh environment, such as with high temperatures, peak voltage fluctuations. It stabilizes the performance for high reliability that your system can count on.

Compact PSU size： 140 x 150 x 86mm

140mm in length which is relatively shorter than industry standard, it’s ideal for compact PC or space-constraint environment without compromising on performance.
