

# FSP Twins PRO 900W Power supply unit PS2 ATX Redundant ATX Black

Model: PPA9000600

Manufacturer: FSP GROUP

EAN: 4713224523823

Product Code: 1055995

## R13,688

Twins PRO series, a redundant power supply, is designed for standard ATX or PS2 chassis, no front end braket needed, ideal for mail, web or home server. Hot swappable modules design provides stable power supply; when one fails, the other can take over the load immediately. Thus users do not need to worry about any server/PC power off situation.

## Redundant system design and built-in hot swappable modules

With redundancy in mind, the Twin Pro modular system design is more efficient and operates more quietly by distributing the power load between two hot swappable PSU modules. If one unit fails, the

second unit takes control of the power load until a replacement is swapped in. Each unit can be hot swapped and replaced without any system down-time offering a seamless and uninterrupted operation.

## Black ribbon cable design

The round black ribbon cable design helps with heat emission effect and extends the life span of the components. The ribbon cable design also offers a cleaner aesthetic and allows for better cable management in custom build systems.

## Power cord locking device

The Twins Pro series features a power cord locking device that secures the power cord from acciedntal disconnect helping to ensure stable operation without any system interruptions.
