

Barco Bar Pro Grey 3840 x 2160 pixels 30 fps

Model: R9861633EUB2

Manufacturer: BARCO

EAN: 5415334048270

Product Code: 1058699

R74,494

ClickShare Bar Pro is a premium, carbon-neutral, all-in-one video bar with advanced features that enables engaging, effortless wireless conferencing in small meeting rooms and huddle spaces with any videoconferencing platform.

Thanks to its advanced AV capabilities (dual screen, 4K content sharing) and interactive features (touchback, annotation, blackboarding), it enables crystal-clear audio, sharp views and enhanced interactivity for meetings where all participants feel heard and seen. This solution offers unparalleled flexibility, allowing IT Managers to easily equip their meeting rooms. Paired with a 5-year warranty, the bar overall reduces the Total Cost of Ownership by consolidating all collaboration, audio and video functionalities into one powerful device.

Crystal-clear views and audio to make everyone feel seen and heard

- Ensure clear, natural communication between meeting participants joining from various locations thanks to stereo speakers, acoustic echo and background noise cancellation
- Offer an extensive and sharp view of the participants thanks to the 4K camera featuring 120° FOV and multiple framing options (group framing, speaker framing and composition view)
- Display content and remote participants side by side for a more inclusive experience
- In-depth collaboration and high engagement are guaranteed thanks to our range of interactive features
