

TP-Link AXE5400 Mesh Wi-Fi 6E Range Extender

Model: RE815XE

Manufacturer: TP-LINK

EAN: 4897098687727

Product Code: 1059122

R5,830

Incredible Performance2

WiFi 6E offers the new 6 GHz frequency band with 1200 MHz of available spectrum. This wide-open band creates lower latency, higher throughput, and faster speeds for RE815XE. Enjoy the ultimate streaming experience with the latest WiFi generation.

6GHz for More Capacity

RE815XE takes full advantage of tri-band, empowering up to 96 devices with lightning-fast 5400 Mbps speed.³ With the 6 GHz band serving as its backhaul, all of your connected devices receive phenomenal connectivity.

Broader Coverage

RE815XE's four external antennas create a stable wireless connection to any WiFi router, boosting your network's coverage. 6× high-power FEM provide maximum WiFi performance, so your phones and tablets stay connected as you move throughout your home. Beamforming technology detects the location of devices and concentrates WiFi towards them for stronger connections.

Shape a seamless roaming network with RE815XE

OneMesh™ enables RE815XE to network with any router that supports OneMesh™ to form a seamless roaming network system⁵ that shares a set of WiFi names for uninterrupted signal switching.

Built-In Access Point Mode

RE815XE is more than a wireless range extender. In places with a network line, simply plug an Ethernet cable into the extender's Ethernet port to turn your wired internet connection into a tri-band wireless access point and the port rate reaches to 1,000 Mbps.
