Delivering the ultimate PRO performance for PCIe 4.0, the M480 PRO boasts up to 60% faster random read/write speeds, enabling a supremely responsive experience in gameplay and productivity under heavy workloads.

A NEED FOR SPEED!

Optimized for the PCIe Gen4 interface, SPATIUM M480 PRO SSD reaches read/write speeds up to 7400/7000 MB/s, allowing for rapid data transfer and shortened game load times.

SMALL SIZE,

MORE STORAGE

The latest 3D NAND flash technology brings dense storage in a compact design and allows SPATIUM storage capacities up to 4TB.

FULFILL UNLIMITED POTENTIAL

Built-in data security and error-correction capabilities extend the endurance and longevity of the NAND flash storage, empowering you to break records in games or take your talents to the next level.

BUILT TO WIN

With the gamers’ first attitude, SPATIUM SSDs optimized for high-performance bandwidth and throughput enable you to wait less at loading games and play to win with minimal latency.

CREATE. PRODUCE. DONE.

SPATIUM SSDs get more done by opening up images, movies, documents, and heavy-duty applications at lightning speeds, keeping up your nonstop creativity and productivity.

PARTNERED WITH ACTIPHY

Actiphy, a world-leading data protection solution provider, develops essential and user-friendly software. ActiveImage Protector* - an enterprise-level backup and disaster recovery software that protects your computer from system failures and data loss. Ideal for individuals and organizations.
