Protect your phone from pocket plunges, backseat bumps and freaky Friday-night falls with the Soft TPU Case from SAFE. by PanzerGlass®. The thin, sleek and transparent case is made of 100% recycled plastic and shields your phone effectively while giving you full access to all of its functions. It is wireless charging compatible and anti-yellowing, ensuring that your case will continue to look good, day after day – even when exposed to sunlight and beach parties. The Soft TPU Case protects and prolongs the lifetime of your phone so that one day you can pass it on to someone else who will love it just as much as you do. This is one way of working toward a more sustainable future. Another is to use more sustainable packaging. So, of course, this product comes in a recyclable FSC™-certified box. Installation is easy. Just click on the case and you can breathe freely, knowing that you'll never again fear the terrifying sight of your phone tumbling to the ground. This may not happen, but if it does, you'll regret not having clicked "add to cart". And remember: If you want to take extra good care of your phone, you can combine the case with a screen protector and a camera
