

Sony SRS-LSR200 portable/party speaker White

Model: SRSLSR200.CE7

Manufacturer: SONY

EAN: 4548736112094

Product Code: 1068044

R4,096

Hear dialogue more clearly with Voice Zoom

Sony's original Voice Zoom technology analyses and boosts spoken audio for all your TV viewing. By identifying and isolating voices in fixed locations, it’s possible to selectively increase the clarity of commentary, reporting, and dialogue without increasing the overall volume of crowds and other background noise.

Stable wireless connectivity

The transmitter and speaker units are connected by 2.4 GHz wireless transmission one-to-one, for a low latency connection with high resistance to interference. Hear sound from the TV and the speaker simultaneously for a natural listening experience.

Easy charging and long-life battery

Equipped with Sony’s high-capacity Li-ion battery, the speaker is able to work for up to 13 hours on a single charge (approx. 3 hours). What’s more, charging the speaker is as easy as placing it on the Charging dock/ Transmitter—no messy connections to worry about.

Drip proof

The speaker unit is drip proof (IPX2) so you can use it in the kitchen near the sink, enjoying your favourite TV show while doing chores.

Headphone jack

The speaker unit is equipped with a headphone jack, so if you want to listen to TV in total privacy, just connect your headset and watch a movie or show anytime you wish.

Auto power off

The auto power-off function ensures you get full use from the SRS-LSR200's 13 hour battery life. After 10 minutes of silence, the speaker will power down.

Works with just about any TV

The SRS-LSR200 works with TVs equipped with headphone or optical output, and the remote control function is compatible with major TV brands: Sony, Hitachi, LG, Loewe, Panasonic, Philips, SAMSUNG, SHARP and Toshiba.
