The MicroConnect SSTP635 is a high-performance S/FTP CAT6 cable, designed for demanding network environments. This 35-meter grey cable features LSZH (Low Smoke Zero Halogen) construction for enhanced safety in case of fire, minimizing toxic fumes. Its PiMF (Pairs in Metal Foil) design, with individually shielded pairs (4x2xAWG 28), ensures excellent signal integrity and reduces crosstalk. Constructed with copper (CU) conductors, the SSTP635 delivers reliable data transmission speeds, making it ideal for installations where performance and safety are paramount. Benefit from MicroConnect's 20+ years of expertise in connectivity solutions with this premium quality CAT6 cable.
