To Grab the Attention

Emitting a close-up partial lighting, Tapo L630 lights up the specific zone, perfect for displaying your favorite handicraft, art design, mock up, etc. It works not only to engage the audience, but reveal more great details as well.

Superior Lights for Large Public Space

When mounted in some mass audience venues, Smart Spotlight would show its strengths that make it widely used as an energy-saving illumination option. It reaches a well balance between light intensity and overall gentle effect in the space.

Switch to Ambient Mode

To get relaxed entirely, you could try adjusting the Smart Spotlight’s brightness value to extremely low. It will give all of you the peace of mind at home.

Schedule & Timer

Easily Manage Your Life

Create regular schedules and countplans to turn on/off with the brightness you set. Sunrise and sunset modes allow the spotlight to activate automatically according to your time zone.

Hands-Free Voice Control

Use simple voice commands to turn the spotlight on and off, or set the scene for reading, movie time, or a party, without any big body movement.

Group Control of Multiple Devices

Group your Smart Spotlights in one space for seamless control in brightness, colors, and more. And switch your lights and other devices on and off altogether.

Greener Smart Lifestyle
