science.

REDUCES WRIST MOTION

The new scan angle eliminates the constant tilting that traditional designs require to view the screen, increasing productivity by 14%* through a 55% reduction in wrist motion and a 15% reduction in muscle effort.

ENTERPRISE-CLASS ANDROID

Mobility Extensions (Mx) transforms Android into an enterprise-class OS, providing enterprise-class security, device management and data capture capabilities.

WAREHOUSE-READY

The super-rugged design is built for the challenging warehouse environment. With our most extreme impact ratings, the TC8000 operates reliably, even after 2,000 consecutive hits when tumbling and multiple 8 ft./2.4 m drops to concrete.
