> No need for drilling or wire installation

> Network passes through walls and floors

> Expand coverage by adding more extenders

One Tap for a Unified Network

One-Touch Wi-Fi Configuration

Instantly copies your network name and password from your router for easy setup. Automatically applies any setting changes across the network. Your existing Wi-Fi settings will synchronize to the new extender instantly.

AV1000 Speeds and 300 Meters Range

Using advanced HomePlug AV2 technology, TL-WPA7817 KIT ensures stable and high-speed Wi-Fi and wired connection, providing data transmissions of up to 1000 Mbps* over the electrical wiring for ranges up to 300 meters†. Stream in HD, game online and download large files without interruption thanks to reliable powerline links.
