

AG Neovo TX-2202A computer monitor 54.6 cm (21.5") 1920 x 1080 pixels Full HD LCD Touchscreen White

Model: TX2A00A1E0000

Manufacturer: AG NEOVO

EAN: 4710739597974

Product Code: 1070820

R22,905

The TX-2202A White touch screen monitor utilises PCAP multi-touch technology, which is minimally affected by contamination. It offers 10-point multi-touch capability for an accurate and responsive touch experience, including responsiveness to latex gloves. Featuring a medical-grade power supply and versatile connectivity options (such as DisplayPort, HDMI, and VGA inputs), the TX-2202A White is ideal for uses like medical carts or information kiosks in healthcare settings. The screen is further enhanced by its IP65 and IK08 ratings, metal casing, and an edge-to-edge 7H tempered glass design, ensuring durability for continuous use in clinical environments.

10-Point PCAP Touch Screen

The TX-2202A White touch screen incorporates PCAP touch technology, offering a 10-point multi-touch capability that remains unaffected by contamination. This results in a fast, accurate, and responsive touch experience, comparable to that of smartphones and tablets, and is responsive even when wearing latex gloves.

Enhanced Safety with Medical-grade Power Supply

Compliance with IEC/EN 60601-1 standards for power supplies ensures the safety of staff and patients in clinical settings by preventing electric shocks and reducing energy-related and heat-related hazards.

Front IP65 Dust and Water Protection

The TX-2202A White's multi-touch monitor features a front-sided IP65 rating, protecting against dust and liquid spills, making it ideal for high-traffic public areas.

Impact-Resistant Against Vandalism

With an IK08 rating and a metal casing, the touch display is protected against impacts and acts of vandalism, ensuring a long service life in high-traffic areas.

Ergonomic Monitors with Flexible Mounting

The TX-2202A White 22" 10-point touch screen monitor is VESA compatible, offering various mounting options, including desk, wall, or monitor arm mounting. The included ergonomic stand allows for a wide tilt range of -2 to 180 degrees, enhancing ergonomics during use.

Seamless integration

Touch support is compatible with various operating systems, including Windows, Linux, macOS, and certain Android versions. This allows for greater flexibility in choosing your operating system.

Versatile Connectivity

The TX-2202A White offers a range of connectivity options, making it easy for users to connect their devices, such as high-performance PCs or media players, using DisplayPort, HDMI, or VGA inputs.
