Conference HD USB webcam, 120°, dual microphone, manual focus

The perfect video conferencing solution! The UA0377 has a 120° ultra-wide-angle lens ensuring that everyone is seen in Full HD resolution. It also features a high-quality dual microphone that captures the voices of all people. It has been specially optimized for crystal clear conversations in the room, making the sound cleaner and more articulate. The 8-layer coated lens provides extremely precision and no image distortion; smooth and detailed for consistent definition and fluid video. Even if you are in a dark area, the low light correction function adjusts your lighting to create bright images.
