This USB 3.2 Gen 1 Active extension cable is the perfect choice when you need to extend the USB connection from for example a printer or other USB devices. Through this USB 3.2 Gen 1 Active cable has a data transfer rate up to 5 Gbit/s and due to the integrated booster you will not have any problems with transmission loss.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
