Enjoy superb performance and better viewing quality from horizontal to vertical angles. With SuperClear® Vertical Alignment panel technology, the monitor remains clear and in good contrast color from 178° all around, whether you are looking at the screen from above, below, the front, or the side.

Smooth Visuals With 100Hz Refresh Rate

With a fast 100Hz screen refresh rate, you can experience a truly fluid visual display. This results in improved viewing clarity, reduced screen stutter during fast-moving action scenes, and benefits work-related tasks, reducing eye strain and increasing productivity.

Full HD 1080p

Full HD 1920x1080 resolution creates unbelievably clear pixel-by-pixel image performance. Experience mind-blowing clarity and detail while working, gaming, or enjoying the latest show premieres.

Variable Refresh Rate Delivers Smooth, Continuous Visuals

Variable Refresh Rate technology eliminates screen tearing and choppy frame rates for smooth and seamless visuals in every scene.

React Instantly

Experience better performance and smooth pixel transitions with a fast 1ms (MPRT) response time. React faster and work with precision.

Borderless Design for Seamless Viewing

Break free from bulky bezels with an impressive 3-side borderless screen. Enjoy the sleeker look that delivers clean aesthetic and seamless multi-monitor capabilities.

Eye ProTech for Comfortable Viewing

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

Reduce digital eye strain and maintain fresh-feeling eyes with ViewSonic Eye ProTech. The Flicker-Free technology and the blue light filter eliminate screen flickering and minimize harmful blue light emissions, ensuring comfortable screen viewing even during extended periods of use.

Connection Flexibility

HDMI and VGA inputs give you the freedom to connect your monitor to a wide range of devices.

Color Rendering Options

ViewSonic’s ViewMode offers “Game”, “Movie”, “Web”, “Text”, and “Mono” presets. These presets’ enhance gamma curve, color temperature, contrast, and brightness to deliver an optimized, satisfactory viewing experience for different uses.

Low Energy Consumption

Designed with energy efficiency in mind, ViewSonic’s Eco Mode successfully reduces carbon footprint and significantly lowers office overhead costs.

Dimension & I/O Ports

Conveniently mount the monitor to your preference by utilizing the 75mm x 75mm VESA-compatible mount design.
