Security Never Shuts Down

2MP IR Turret Network Camera

Looking for a higher resolution? It's right here.

2MP Full-High Definition

The VIGI C420I camera comes with 2MP—more than enough pixels to pick up some of the more discrete details.

We keep an eye on your business.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Smart Detection

Backed by AI algorithms, the VIGI camera offers more smart detection. You will receive notifications when someone crosses a boundary, enters an area you've set, obstructs the camera, or removes/abandons objects.

Never miss a detail.

SmartVid-Smart Video Enhancement

VIGI's professional technologies process videos to greatly improve their quality that is vital to your monitoring, including Smart IR, WDR, 3D DNR, and Night Vision.

Simplified Deployment with PoE

Easily connect and power your PoE camera with one RJ45 cable transmitting both data and power. No power adapter needed.

Choose the right lens for your security.

2/4 mm Lens

Whether you need a wide angle lens to cover enclosed spaces like elevators or a higher millimeter lens for longer distances in open spaces like parking lots, C420I comes with two different lens versions to better suit your security needs.

Flexible Installation

Easily route your camera's cable into a dropped ceiling or avoid drilling by slotting it through the camera's side outlet.

Flexible Management

Take full control over your security via three management methods: NVR UI, VIGI app, and VIGI Security Manger.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
