Security Never Shuts Down

VIGI NVR1008H-8MP 8 Channel PoE+ Network Video Recorder

Every angle all on one screen.

4K HDMI Video Output & 16MP Decoding Capacity

Sharp image definition up to 8MP and an 8-channel display ensures you capture every detail, from every angle.

Dedicated 8 PoE+ ports (113 W budget) for simplified IP camera deployment.

Features 8× 10/100Mbps PoE+ ports, the NVR supports up to 30 W on each PoE+ port. Designed to use a single Ethernet cable for both data and power transmission, it offers flexible installation to fit in various surveillance scenarios for small businesses, such as groceries, warehouses, restaurants, and financial institutions.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Reviewing footage is faster than ever.

8-Channel Simultaneous Playback

Replay the feed from up to 8 cameras at the same time, increase replay speed, and find events in the video schedule to easily review footage.

More compression. More savings. Same quality.

Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality.

No need to check long compatibility lists.

ONVIF Ensures Compatibility

Easily add IPCs from VIGI and other brands to establish a powerful and varied network thanks to barrier-free compatibility.

Plug & Play.

Allows new and unused VIGI IP Cameras to be added automatically to the new NVR and activated instantly, making installation faster than ever before.

Security for every hour and every day.

24/7 Continuous Recording

Stores up to 10 TB of footage from managed cameras to secure your data for quick, convenient access.

Keep an eye on things even when you are on the move.

Remote Monitoring

The dedicated VIGI app, web UI, and VIGI Security Manager enable remote monitoring, providing ease and convenience.

Flexible installation gives you more convenience.

Choose the suitable installation method by simply housing your NVR on a rack, or placing it on or under a desk.

Greet your visitors before they enter.

Two-Way Audio
