

Cudy AX3000 wireless router Gigabit Ethernet Dual-band (2.4 GHz / 5 GHz) White

Model: WR3000S

Manufacturer: CUDY

EAN: 6971690793203

Product Code: 1074035

R2,300

Super-Fast Wi-Fi in Every Corner

Super-Fast. Super Responsive.

Equipped with the highest 160 MHz bandwidth in Wi-Fi 6 and 1024-QAM, this router go up to 3 Gbps wirelessly, more than 2.5X faster than the last-gen AC 2x2 WiFi router.

Broader Coverage with More Streams

Five streams—3 in 5 GHz and 2 in 2.4 GHz—enhance the agility to navigate signals through obstacles. In addition, the high-gain antennas and Beamforming boost the signal to every corner of your home.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

More Devices, Lower Latency

Easier Combos in Games

In addition to the 2T2R structure, one aditional 5 GHz stream enhance the agility to navigate signals through obstacles. The high-gain antennas and Beamforming boost the signal to every corner of your home.

Connect More. Stay Fast.

Designed to connect 200 devices, with a maximum capacity of 512 devices, this router provides a more efficient network that loads faster for more without slowing down performance.
