Product Code: 1075042

R25,470

Introducing the Conceptronic Online Tower UPS—the premier power backup solution for your home or office. Featuring an output power factor of 0.9, this UPS delivers superior efficiency and performance. Its ECO Mode enhances energy savings, while compatibility with generators ensures uninterrupted power during extended outages.

The Conceptronic Online Tower UPS comes with HID USB communication for seamless device connectivity and enhanced control and monitoring. For added safety during emergencies, it includes an Emergency Power Off (EPO) port for swift shutdowns in critical situations.

With its sleek, modern tower design, the Conceptronic Online Tower UPS integrates effortlessly into any environment, providing reliable power backup when you need it most.
