Building on the legacy of the legacy iMZ Series mobile printers, you can choose from two design models to fit the needs of your business. An inside-the-four-walls model enables associates to ring up sales anywhere in the store, prevent abandoned sales and improve the shopper experience. An outside-the-four-walls model can handle the elements, generate high quality receipts and guarantee power for the longest shift in the field. Both models offer the fastest wireless connections available; class-leading battery and power technologies for full-shift power; enterprise durability to handle everyday drops and bumps; and powerful remote management capabilities that significantly lower your total cost of ownership.

MORE VERSATILITY, MORE VALUE

With the ZQ320 you can print can print receipts, labels or both. And we offer the most charging options for maximum flexibility to meet the scalability your business needs – including large or small deployment, in-vehicle and at-home charging solutions.

SUPERIOR INDUSTRIAL DESIGN

You get the best of both worlds with the ZQ320 - the lightweight design ensures user comfort all shift long. Choose from a sleek consumer-styling housing that fits into the most design conscious retail store or a scuff resistant, durable housing design that can handle outdoor elements.

EASY BLUETOOTH REMOTE MANAGEMENT

Improve your printer uptime by updating, monitoring and troubleshooting your mobile printers, all in real-time from a remote central location with Zebra’s one-of-a-kind Bluetooth Remote Management.
