

Beper C302AAC003

Model: C302AAC003

Manufacturer: BEPER

EAN: 8056420226331

Product Code: 1075207

R765

Heating pad with cherry stones and lavender aroma for a natural remedy against cramps and muscle tension.

The cushion, covered in cotton and divided into four sections, allows for even heat distribution for a uniform warming effect on the body.

After heating in the microwave or oven, the cherry stone content releases heat, relieving pain and muscle stiffness.

Quick and easy to use, with a removable cotton cover for washing.

The soothing lavender essence is released when the cushion is heated.

Hot use: Heat the cushion inside in the oven (maximum 70°C for about 5 minutes) or in the microwave (800W for about 30 seconds); adjust the heating times according to different types of ovens. Reheat to the desired temperature and place on the body surface.

Cold use: Place the cushion in the refrigerator or freezer for approximately 30-45 minutes; remove and place on the desired body area.

Manufacturer: Beper | Material: Cotton cover / cherry stones | Protection against overheating: Heat manually in microwave/oven, max 70°C | Dimensions: 50 × 18 × 2 cm | Machine-washable: Yes |

Special notes: Can be heated in microwave (800W for ~30 sec) or oven (max 70°C for ~5 min); can also be cooled in fridge or freezer for cold therapy
