Premium Quality

Delivering a massive 240W (48V/5A) of charging power, this cable supports even the most demanding laptops, monitors, and devices. With USB4 Gen 3x2 technology, enjoy lightning-fast data transfer speeds up to 80Gbps—perfect for ultra-high-resolution video, large file transfers, and next-gen peripherals.

Liquid Silicone Comfort

Crafted with premium liquid silicone, the cable offers a silky-smooth texture, exceptional flexibility, and superior resistance to tangling. Soft to the touch yet built to last, it’s the perfect blend of comfort and strength.
