and memorable images.

Best Choice for High Definition Video Recording

Premier Pro SDXC UHS-I U3 specifications support high definition Full HD and 4K Ultra HD video recording, allowing every remarkable moment to be sleekly captured without lag or degradation of performance.

V30 qualified for professional video recording

The read/write rate of Premier Pro SDXC UHS-I U3 cards is up to 100/60MB per second, which shortens the time to edit and upload files and supports burst modes thanks to outstanding performance. The cards meet V30 (Video Speed Class) specs, meaning they can record up to 30MB of video per second. This is more than enough for Ultra HD 4K video recording, all of which are especially suitable for professional photographers.

Large Storage Capacity

With up to 256GB in capacity, Premier Pro SDXC UHS-I U3 cards allow users to store thousands of photos and hours of Full HD video. Whether working on a burst photography shoot or recording uninterrupted video, the Premier Pro series of memory cards enables you to concentrate on the task at hand without worrying about getting interrupted by running out of storage.

Full protection for high durability

Premier Pro SDXC UHS-I U3 memory cards are equipped with a built-in write-protect switch and automatic error correcting code (ECC) functionality. They pass rigorous waterproof, shockproof, X-ray proof, anti-static, and extreme temperature testing for rugged durability. All cards feature high quality MLC Flash, ensuring longevity and reliability.
