Product Code: 1078738

R2,695

Ergonomic gas spring technology for stepless height adjustment

Sturdy aluminum construction with additional bar for elevated positioning

Removable VESA plate for quick and easy installation

Integrated cable management for a tidy work surface

Flexible adjustment through tilt, swivel and rotation function

The InLine® desktop mount with lifter is the ideal solution for professional workstations, system integrators and resellers who require flexible and ergonomic screen positioning. With the high-quality gas spring technology, the monitor arm enables infinite adjustment so that monitors can be individually aligned. The robust aluminum construction with an additional bar ensures stability and increased positioning of up to 30 cm.

Installation is particularly easy thanks to the removable VESA plate. The integrated cable guide
