Liene Pearl 2x3" Portable Photo Printer (White)

The Liene Pearl portable printer lets you turn your favorite photos into tangible memories in seconds. With its compact design and weight of only 183 g, you can take it with you anywhere—on a trip, to a get-together with friends, or to a family event. The printer uses a single color pass, which guarantees fast, clear, and durable prints. Charging is done via a convenient USB-C connector, and one full cycle allows you to take up to 30 photos.

Vivid colors and durability

Every print from the Liene Pearl is highly resistant to water and dust, and the colors remain intense for a long time. Whether you stick photos on the fridge, paste them into an album, or create decorations, the prints retain their full color depth and detail. The adhesive paper makes it easy to decorate and use your photos creatively in any way you like.

Easy connectivity and fast printing

The printer connects wirelessly to your phone via Bluetooth 5.0, allowing for smooth operation without the need for Wi-Fi. Installation is extremely simple – just load the paper from the side and start printing. With the Liene app, you can use filters, effects, frames, and print head cleaning options, print in full format, with or without a frame, or in a square – all with full control over the final look of your photo.

Endless fun

The Liene app offers unlimited possibilities for creative fun – from fun filters and unique frames to eye-catching decorations that you can stick and rearrange anywhere you like. The prints are light, compact, and ready for immediate use – just peel off the photo and decorate your fridge, album, or planner with it. Liene Pearl is a tool for creating unique memories that you can take with you anywhere.

Manufacturer	Liene
Model	ZPP110
Rated input voltage	5 V 1 A
Battery capacity	500 mAh
