

# FSP VITA GM 1000W White Power supply unit ATX ATX3.1 White

Model: PPA10A4013

Manufacturer: FSP GROUP

EAN: 4713224529818

Product Code: 1080799

## R3,898

### Complies with Intel ® Power Design Guide ATX 3.1

Built for the demanding power requirements of tomorrow, these PSUs offer maximum total power excursion support as per ATX 3.1 and PCIe Gen 5.1 specifications, ensuring peak performance with future hardware upgrades.

### High Efficiency in Gold-certified

Certified by world-class organizations 80 PLUS® gold certifications and reach platinum efficiency at typical load for lower power loss, less heat, and quieter operation.

### LLC Resonant-converter Topology with Synchronous Rectifier

Reducing switching losses, boosting efficiency, and keeping the output voltage regulated under load conditions.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

### **+5V & 3.3V DC to DC Circuit Design**

Increase the efficiency and stabilize the output voltage to ensure system stability.

### **105°C Japanese Bulk Capacitor**

Equip your PC with the best-in-class capacitors to offer maximize reliability, performance, and lasting power.

### **120 mm hydraulic bearing (HYB) fan**

Quality bearing keeps fan noise to a minimum while providing maximum cooling performance.

### **Powerhouse Single +12V Rail**

This high-amperage +12V rail delivers high load capabilities, it's ideal for intensive workloads of high-performance CPUs and graphics cards.

### **The Force Comes with You**

Individual CPU 4+4 pin cables provide CPU direct output power to ensure stable operation even under the most demanding workloads.

### **The Force Comes with You**

Dual PCIe 6+2Pin cables and a versatile 12V-2x6 cable offer flexible configuration for even the most power-hungry NVIDIA or AMD graphics cards.

### **Fully Modular Cabling Design**

To make power supply installation easy and allows users to use only the needed cables, improving airflow and reducing system clutter.

### **Compact PSU Size 140 x 150 x 86mm**

140mm in length which is relatively shorter than industry standard, it's ideal for compact PC or space-constraint environment without compromising on performance.

### **Fortress-level Protection**

Our comprehensive circuit shields your valuable components from harm.
