

DarkFlash DS950 computer case (black) + 6 fans

Model: DS950 BLK +6F

Manufacturer: DARKFLASH

EAN: 4711527008443

Product Code: 1081334

R2,055

DarkFlash DS950 computer case (black) + 6 fans

DarkFlash DS950 is an ATX computer case that allows you to build a powerful configuration for gaming and more. The design offers a 270° panoramic view, making the interior of the computer fully visible from two sides – so you can showcase selected components in an interesting way, such as those with RGB lighting. You also have a rich set of ports at your disposal, including USB-C 3.2 Gen 2. The case supports ATX, Micro-ATX, and ITX motherboards and measures 450 × 222 × 465 mm. It is made of 0.5 mm thick SPCC sheet metal, which provides a stable and solid base for advanced configurations. The set also includes 6 fans.

270° panoramic design

The case is equipped with two transparent panels without a vertical profile, providing a wide view of the components. This design allows for interesting visual effects – for example, you can showcase RGB fans or water cooling with a display. Give your computer a unique character!

Effective heat dissipation and dust protection

The DS950 model uses a system of dense meshes that provide effective heat dissipation while protecting against dust. The ventilation openings are located at the rear, side, and bottom of the structure, allowing air to flow freely throughout the interior. In addition, dust filters help keep components clean for longer.

Create an efficient cooling system

The case allows for the installation of 240, 280, or 360 mm water cooling on the top panel. You can also install 9 fans in it. This makes it easy to create an efficient cooling system tailored to the needs of modern processors and graphics cards. Play the latest games and use demanding software without worrying about your computer overheating!

Well-thought-out space for components

The interior of the case has been designed to allow for convenient expansion and easy component management. The design allows you to install a graphics card up to 400 mm long and a CPU cooler up to 180 mm high. There is also space for one SSD or two HDDs, so you can flexibly configure your data storage space. The DS950 is also compatible with ITX, M-ATX, and ATX motherboards.

Useful ports and buttons

The control panel located at the bottom of the case provides convenient access to the most important ports and buttons. You have a USB-A 2.0, USB-A 3.0, and USB-C 3.2 Gen 2 connector at your disposal, providing transfer speeds of up to 10 Gbit/s. So you can transfer the files you need in the blink of an eye! There is also an HD audio jack, as well as a reset button and a power button.

Quick access to the interior

The DS950 is designed for maximum convenience during installation and component upgrades. The side panels use a Snap-Fit quick-release mechanism that allows you to open the case efficiently without the use of tools. In addition, additional hand-tightened screws increase the stability of the structure and facilitate any upgrades.

Manufacturer	DarkFlash
Model	DS950
Case type	Midi tower
Side panel	Tempered glass
Motherboard standard	ATX / M-ATX / ITX
Power supply standard	ATX
Internal drive bays	SSD x1 / HDD x2
Expansion card slots	7
Max power supply length	200 mm
Max graphics card length	400 mm
Max CPU cooler height	180 mm
Max number of fans	9
Fan mounting options	Top: 120 mm x3 / 140 mm x2
	Side: 120 mm x2
	Rear: 120 mm x1
	Bottom: 120 mm x3
Water cooling mounting options	Top: 360 mm / 280 mm / 240 mm
	Rear 120 mm
Number of installed fans	6
Fan type	120 mm
Buttons and controls	Power, Reset
Connectors	USB-C 3.2 Gen 2 x1, USB-A 3.0 x1, USB-A 2.0 x1, HD Audio
Material	0.5 mm SPCC

Color	Black
Height	465 mm
Width	222 mm
Depth	450 mm
Weight	Approx. 6.35 kg
