

InLine 16471A power extension White

Model: 16471A

Manufacturer: INLINE

EAN: 4043718334285

Product Code: 1081489

R820

Compact power distribution for professionals: Enables the simultaneous operation of up to three Euro plugs on one earthing contact connection.

Increased touch protection: Provides additional safety for sensitive environments such as laboratories, educational institutions or offices.

Optimal space utilisation: The space-saving design also allows use in confined installation areas or behind furniture.

Reliable power connection: Robust design ensures permanently stable contacts for Euro plug-compatible devices.

Versatile use: Ideal for IT workstations, peripheral devices, small electrical appliances and technical systems.The InLine® socket outlet adapter with earthing contact plug to 3x Euro socket is the space-saving solution for the simultaneous power supply of several devices with Euro plug connection. Whether in IT, public facilities or industrial environments - this adapter impresses with its compact design and increased protection against accidental contact. The integrated protection ensures risk-free operation, particularly in safety-sensitive areas such as laboratories, schools or administrative offices. Thanks to its stable hold in the socket outlet and durable workmanship, the
