

InLine 16471D power extension White

Model: 16471D

Manufacturer: INLINE

EAN: 4043718334384

Product Code: 1081492

R820

Space-saving dual supply: Two Euro sockets enable parallel operation of compact devices on just one earthed socket outlet.

Increased protection against accidental contact: For safe use in public, commercial and educational facilities.

Ideal for technical environments: Supports the operation of e.g. power supply units, routers or laboratory equipment with Euro plugs.

Compact alternative to a multiple socket outlet: Saves valuable space in technology cabinets, on work tables or behind furniture.

Decent design in white: Fits unobtrusively into any working environment and looks professional and tidy.The InLine® socket outlet adapter with earthing contact plug and two Euro sockets offers a compact way to operate two devices simultaneously from just one socket outlet. Its discreet size and unobtrusive design make it particularly suitable for professional environments where space-saving and aesthetics play a role. The increased protection against accidental contact ensures safety when used in sensitive areas such as educational establishments, laboratories or public spaces. The maximum current of 2.5 A per socket enables the reliable operation of devices such as power supply
