

InLine 16471E power extension White

Model: 16471E

Manufacturer: INLINE

EAN: 4043718334391

Product Code: 1081493

R820

Quadruple connection option: Enables the simultaneous operation of up to four devices with Euro plugs - ideal for IT and technical areas.

Increased protection against accidental contact: Ensures safe handling in safety-critical environments such as schools, laboratories or public facilities.

Compact design with high connection density: Saves space compared to multiple socket outlets and is ideal for workstations or equipment set-ups.

Reliable power connection: Robust design guarantees permanent contact - even with frequent use.

Inconspicuous integration: The white housing blends harmoniously into any professional environment. The InLine® socket outlet adapter with earthing contact plug and four Euro sockets offers maximum connection options in the smallest of spaces. Especially in professional working environments such as IT labs, technical rooms or public facilities, this adapter is the ideal solution for operating multiple devices in parallel. The increased protection against accidental contact ensures additional safety, especially in areas with public traffic or sensitive applications. With a current of up to 2.5 A per socket, it reliably supplies devices such as power supply units, measurement technology
