

InLine 31502R mobile device charger Universal Black Cigar lighter Fast charging Auto

Model: 31502R

Manufacturer: INLINE

EAN: 4043718344420

Product Code: 1081608

R1,216

Charge two devices simultaneously: The integrated USB-C port and extendable USB-C cable enable simultaneous fast charging.

Compact design with integrated cable: The extendable USB-C cable saves space and ensures that charging is always within reach.

High charging power for a wide range of devices: With up to 75 W total power (45 W USB-C cable + 30 W USB-C port), it is ideal for smartphones, tablets and other USB devices.

Supports modern fast charging methods: Power Delivery 3.0 and Quickcharge 3.0 ensure fast and safe charging.

Reliable protection: Integrated overcurrent, overvoltage and short-circuit protection for maximum

safety.

With the InLine® Dual USB-C Car Power Adapter, you can turn any 12 V or 24 V car socket into a powerful charging source for your mobile devices. Thanks to the integrated, retractable USB-C cable and the additional USB-C port, two devices can be charged simultaneously with fast charging. The compact design saves space in the vehicle and makes the adapter the ideal solution for frequent drivers, field staff, service personnel or business travellers.
With a total output of up to 75 W (45 W USB-C cable + 30 W USB-C port), the adapter enables fast and efficient charging of smartphones, tablets, navigation devices or other USB-powered devices. Support for Power Delivery 3.0 and Quickcharge 3.0 ensures maximum compatibility and significantly reduces charging times.
For maximum safety, the adapter is equipped with comprehensive protection against overcurrent, overvoltage and short circuits. Whether in private vehicles, company cars or emergency vehicles, this adapter always delivers reliable power exactly where it is needed.

Input voltage: DC 12/24V
Output voltage USB-C cable: DC 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/2.25A (max. 45W)
Output voltage USB-C port: DC 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A (max. 30W)
Interfaces: 1x USB-C port, 1x USB-C cable with plug
Length of extendable cable: max. 0.6m
Outer ring: white illuminated
Supported charging methods: Power Delivery 3.0 (PD3.0), Quickcharge 4+ (QC4+)
Supports simultaneous fast charging of two devices
Supports overcurrent, overvoltage and short-circuit protection
Operating temperature: -10°C - 35°C
Storage temperature: -20°C to 55°C
Operating humidity: 20% to 80%
Storage humidity: 10% to 90%
Dimensions: approx. 83 x 47 mm (L x W)
Weight: approx. 62 g
