eSTUFF Flip Attach Privacy Filter – Seamless Privacy with a Simple Flip

Designed for professionals who want quick control over screen privacy, the eSTUFF Flip Attach Privacy Filter uses discreet adhesive pads for a semi-permanent, secure fit on your laptop. With its flip-to-engage mechanism, you can switch instantly between private and shared viewing – ideal for hybrid work, meetings, or open office environments.

On-Demand Privacy, Whenever You Need It

Whether you’re presenting to colleagues or working in a café, the Flip Attach design lets you move smoothly from full-screen visibility to privacy mode. Its advanced blackout technology narrows the viewing angle to 60 degrees, ensuring sensitive information stays protected from curious eyes, while you enjoy a clear, crisp display straight on.
