Ancel AD530 OBD2 Diagnostic Scanner

The Ancel AD530 scanner is a comprehensive OBD2 diagnostic tool that provides a wide range of functions to accurately and quickly identify vehicle problems. Equipped with support for all 10 OBD-II service modes, the AD530 is ideal for professional mechanics and advanced home users who need in-depth vehicle diagnostics.

Multiple diagnostic functions

The AD530 not only reads and clears trouble codes, but also offers advanced functions such as Live Data monitoring, I/M readiness test (Inspection Maintenance), Freeze Frame data reading, O2 sensor test, and EVAP system tests. Support for a variety of protocols, including CAN, ensures compatibility with a wide range of vehicles.

Graphical representation of data and battery diagnostics

One of the key features of the AD530 is its ability to graphically represent vehicle data, allowing for easier understanding of the vehicle's condition. In addition, the scanner offers a battery diagnostics function, showing the battery's current voltage and history of changes, allowing for earlier detection of potential problems.

Intuitive interface and simple operation

The scanner has a large color screen, which, along with an intuitive user interface, makes operating the device extremely easy. Navigation and function buttons make it easy to access various diagnostic functions, as well as quickly switch between different menu options.

Compatibility and multilingualism

The AD530 is compatible with most American vehicles manufactured since 1996, European vehicles since 2003, and Asian vehicles since 2005, making it a universal diagnostic tool. In addition, the scanner supports multiple languages, extending its availability to various international markets.

Manufacturer	Ancel
Model	AD530
Supported Protocols	OBDII/EOBD+CAN
Functions	Fault code reading, fault code clearing, live data review (Live Data), I/M readiness test (Inspection Maintenance), Freeze Frame data reading, O2 sensor test, EVAP system tests, live monitoring of various vehicle parameters
