TOMTOC Versatile-T23 16"/12.5L Laptop Bag (Black)

The TOMTOC Versatile-T23 laptop bag combines minimalist elegance with exceptional functionality, making it perfect for both the office and weekend getaways. With a capacity of 12.5 L and a well-thought-out design measuring approximately 45.01 x 30.99 x 11.99 cm, it offers plenty of space for your gear and essential accessories, while remaining lightweight at just about 0.63 kg. The stylish design with clean lines makes the bag a perfect match for almost any outfit, serving as a practical and fashionable addition to the modern woman's wardrobe.

Thoughtful organization

Keeping the inside of the bag tidy is incredibly easy thanks to a system of dedicated compartments and pockets. The spacious main compartment accommodates larger items, while the dedicated

electronics section includes a padded pocket with Velcro straps for a laptop (up to 16 inches) and a tablet pocket. Additionally, the bag features an internal water bottle pocket that keeps the drink upright and easily accessible. The front pocket has a key lanyard for added security, while the magnetic pocket on the back allows for quick access to essential small items.

Durability and sustainable materials

The bag is made from durable recycled plastic. This material is splash-resistant, protecting the contents from moisture in changing weather conditions. Added to this are durable zippers from the renowned YKK brand, which guarantee smooth operation and the safety of stored items for a long time. It's a practical and eco-friendly solution for those who value high-quality products.

Carrying comfort and travel convenience

The designers ensured that even carrying the bag all day long would not cause discomfort. The widened shoulder straps provide optimal cushioning and reduce the strain on the shoulders. During longer trips, the hidden luggage strap feature proves extremely useful—simply detach the lower part of the back pocket to securely attach the bag to a suitcase handle. This solution frees up your hands and makes it easier to move around the airport or train station.
