R1,897

Cycplus AS1 PRO POCKET PRO AIRBANK Mini Bike Pump

The Cycplus AS1 PRO POCKET PRO AIRBANK is a mini bike pump that combines compact dimensions (6.4 × 6.3 × 2.8 cm) with surprising performance. Lightweight and handy, it fits easily in a pocket or bike bag, while offering a maximum pressure of up to 120 PSI. This is gear designed for the demanding rider—ready for action in any situation, from daily city rides to long-distance trips.

Fast inflation and full control over parameters

Despite its small size, the device impresses with its performance. Inflating a 700 × 25C road tire from 0 to 80 PSI takes just about 50 seconds. The auto-stop feature lets you set the target pressure and ensures the pump stops exactly at the right moment. The clear real-time LED display shows key information such as battery level, selected unit, and current pressure, giving you full control over the

inflation process.

Versatility and convenience in every situation

The AS1 PRO offers a smart 2-in-1 solution—support for both Presta and Schrader valves without the need for additional adapters. The included air hose makes pumping easier and also protects your hands from the device heating up during intensive use. The set is complemented by a silicone case with anti-scald properties, which enhances comfort and safety during use.

Ready for any weather and any route

The set includes a waterproof pouch that effectively protects the pump from sweat and rain, so you can take it with you on any ride regardless of the conditions. Fast charging via USB-C allows for a full charge in about 30 minutes, so the device is back up and running in no time. It’s a reliable solution for any cyclist who values mobility, functionality, and peace of mind while riding.
